Every Voice Counts

Healthwatch Bath and North East Somerset is independent from the health and care services you use, so it represents an opportunity for you to ensure services in Bath and North East Somerset really meet your needs. Healthwatch gives children, young people and adults a powerful voice locally. Healthwatch works to help local people get the best out of their health and social care services, through influencing the delivery and design of services.

Healthwatch will tell services about your experiences of care and hold them to account.

You can rate your health and care services on the Healthwatch website:
